THE UNION DEPOT.

A Pinn Proposed Which Will Accomthe Traveling Public.

L Sproat, secretary of the Wy Salt Lake & California railroad, is the first to propose definite plans for the construc-tion of the union depot which is being agi-tated. He proposes to secure the two blocks lying between First and Third bated. He proposes to secure the two blocks lying between First and Third South and Sixth and Soventh West streets, and to construct a building 35x330 feet, either two or three stories in height, on Second South street, which is to be closed between Sixth and Seventh West. The suitable would face the east and be placed about 350 feet from the street with an explaint walk 36 feet wide, extending from the street through the building, making a pathway for passengers, thus giving two wings, each 5ax30 feet on the ground floor. One of these wings will contain the dining room, kitchen, bar, office, and rooms for express companies. The other wing to contain waiting rooms in which will be lunch stands, parcel check stand, there office, telegraph office and ounlines desk, and baggage from 7ax80 feet. The rooms the best of the party of the party and all ground west of the building to be used for track room. This amount of ground will give plenty of room for all trains. Mr. Sproat recognizes the fact that all the world is coming to Salt Lake, and comprehends fully what it requires to accommedate the heats that a union depot in Salt Lake will receive, not only from through trains but for the bests of people that will require accommedation on the lake trains. Hence the presents in this dethrough trains but for the hosts of people that will require accommodations on the lake trains. Hence he presents in this design, a depot not only sufficiently commodious and comfortable, but also provides a beautiful rark in front equal to 275x1.472 foct with all foot ways and drive ways for the depot arranged therein. Drive ways of solid granite are to be put down? Dyspepsia and Liver Complaint.

Is it not worth the small price of 70 cents to free yourself of every symptom of these distressing complaints! If you think so, call at our store and geta bottle of Shiloh's Vitalizer. Every bottle has a printed quarantee on it, use accordingly, and if it does you so good it will cost you acthing. Sold by A. C. Smith & Co. CONFERENCE BATES.

Have You Heard

Have You Heard

about the Superb Putiman Dining Curswhich have been recently placed in service
via the Union Pacific, "The Overland
Route!" If you have, and want to zet a
samptaous meal while traveling, ton't fall
to take the train on which these diners
ran. They run on the fast Vestibule Express between Council Binffs and Denver
and on the Overland Flyer between Council Binffs and Portland.

Meals, which cannot be surpassed in any
of the first class hotels in the country, are
served in these curs at 75c, each.

his family intend moving west to grow up with the country.

The only difference between these cars and to regular first class Pullman is that the Colonist sleeper is not uphoistered. There are fourteen sections in each car, and parate toilet rooms for ladies and gentlemen. At might, by means of shding head boards and heavy damask curtains, as much privacy is secured as I'm the regular first class sleeper. Plenty of fresh, clean towers and a good supply of water are also to be found. A uniformed porter accompanies each car tolook after the confort and attend to the wants of the passengers, and no smoking is allowed. It certainly seems that for cheap and commodious sleeping accommodations, while traveling, these curs cannot be excelled.

Parents should be careful that their chill dren do not contract coids during the fall or early winter months. Such coids venic-en the lungs and air passages, making the child much more likely to contract other colds during the winter. It is the succession of colds that causes catarrh and bron-chitis or paves the way for consumption. Should a cold be contracted, losse no time but cure it as quickly as possible. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold in a few days and leave the respiratory organs strong and beatthy. For sale by Z. C. M. I. Drug Department.

WILLING TO TEST IT.

How George and Lanra Brought About the Death of a Mosquito.

Long had they sat in the gloaming, listening to the soft music of the cooling breeze that stirred the leaves of the noble elm whose shapely branches stretched

above them.
"Laura," said the young man, as he crushed the young life out of a winged insect whose attentions had bored him considerably, "I saw a statement in a paper today that if you hold your breath when a mosquito is biting you it can't draw its bill out, and you can kill it in

"Horrors!" exclaimed the gentle girl, as she shuddered and drew her fleecy wrap closer about her lovely form. "The idea, George, of letting a mosquitosting you long enough to find out such a thing!

Max. temp., 60.5; min. temp., 25.0.

Mean temp., 48; for 12 years, 61; the factory, 13.

Excess of temp. since January 1, 1989, 254.

Hainfall, 0.00 inches; mean daily, 12 years, 12 years, 13 years, 14 years, 15 year paper—that people always hold their breath when they—er—when they kiss." A silence followed more elequent than the softly spoken words of the young man. It was broken at last by the voice

of the lovely Laura.
"George," she said, in low, quickly uttered, willing-to-test-it-in-the-interestof-science accents, "I feel a mosquito biting mel?

The wind sighed faintly in the tree

tops, the voice of the katydid rasped the patient air, the stars glimmered and twinkled in the blue, ethereal firmament, and at the end of nearly three-quarters of a minute that misguided mosquito perished uniscrably —Chicago Tribune.

NEXT WEEK'S RIG SHOW.

The Directors Still Busy Fixing the Fair

At the meeting of the board of director of the Deseret Agricultural and Manufac-turing Society held last evening the fol-lowing directors were present. Thomas, Empey, Rowe, Weller, Peters, Moyle and Treasurer Smith.

The completion of the appointment of the awarding committee on fine arts was made, and the secretary instructed to state through the papers that it is desired by the hauging committee that all pictures to be exhibited be delivered at the exposition building not later than Monday next at

The awarding committee on women's

The awarding committee on women's work was also named.

On motior, Sears, Jeremy & Co's bid for the bay and grain privilege at the fair was accepted and the contract awarded them. On motion the following named gentlemes were appointed as assistant supervisors in the various departments, viz.

Mr. Ben R. Eldredge on classes A and B, 'horses and cattle,' to assist Mesars.

Mr. Joseph A. Jenuings on class K, 'women's work,' to assist Judge Smith.

Mr. George M. Ottinger on class J, 'Fine arts,' to assist Mr. Empey.

Mr. William Naylor a class G, agricultural machinery, etc., to assist Mr. Empey.

Mr. Charles Cummings, on class I, manufactures, to assist Mr. Rowe.

The supervisors proceeded to the selection of the necessary spaces required for the various departments, which resulted in placing fine arts, women's work and part of the selections of the accessory spaces required for the various departments, which resulted in placing fine arts, women's work and part of the seaffer, and factors in the selection of the selection of the part of the selection of the selection of the part of the selection of the selection

the various departments, which resulted in placing fine arts, women's work and part of the manufactures up in the gallery, and fruits, flowers, vegetables, other manufactures, minerals, etc. on various parts of the ground floor, it being understood the flower display would occupy a circular pyramid in the centre of the building, and the other tables, also pyramidal in form, would be arranged in a convenient and 1s unertical manner so that they will not interfer with or block the sisles.

The secretary was authorized to contract for such further advertising as he doems necessary for the fair.

Adjourned to Friday next, at 7:30 p.m.
